Internship Program / Working Student: Supply Chain Procurement

Work Region: Am Schimmersfeld 5-7, 40880 Ratingen
Company: Johnson Controls // Tyco Fire & Security
Holding Germany GmbH
Job Id: WD30148288

Looking for a chance to gain hands-on experience that can jump-start your career?

Want to collaborate with experts in the field and help make a difference in the world? At Johnson Controls, we thrive on fresh ideas and innovative thinking. We're always seeking curious, forward-thinking minds to join our team. That's why we've created our Early Career Supply Chain Internship Program – an amazing opportunity to apply your skills, knowledge, and passion to real-world challenges and grow your resume and professional network.

How you will do it:

- Working independently and as part of a team
- Data collection, spreadsheet creation and data analysis
- Develop, prepare, and present summary reports
- Support Supply Chain Initiatives in several areas
- Routine use of Microsoft Office Tools: Access, Excel, PowerPoint, and Word

What we look for:

- Currently enrolled as a full-time student in an accredited university pursuing a degree in Applied Procurement, Supply Chain Management, or Engineering
- Strong English language skills to effectively communicate with colleagues and external partners
- Proficiency in a Windows operating environment, including email and Microsoft Office software, with experience in data entry
- Strong interpersonal skills and decision-making abilities
- Effective and professional communication and organization skills
- Ability to work in multitask environment
- You would love to travel and work remote for the summer portion of the internship

What benefits will you receive:

- A great knowledge transfer
- An Attractive compensation
- The opportunity to gather exciting experience with a multinational player
- Our corporate benefits program allows you to save on your gym club subscription, multiple well-known online shops or your next holiday!

How You apply:

Through our career page or to the email address below.

Have we sparked your curiosity or do you still have questions? Feel free to contact me!
