About us

## **Big Moves with XCMG!**

Welcome to XCMG - one of the world's largest manufacturers of construction machinery. We develop state-of-the-art excavators, cranes, earthmoving and road construction machinery for our customers in the construction, mining and energy industries.

We are represented by four subsidiaries at our site in Krefeld. In addition to the European headquarters XCMG Europe GmbH, there is also a company for research and development, for strategic purchasing and for sales and service. Together, we drive investment and innovation

With us, you have the opportunity to contribute your professionalism and expertise and to develop your career in an intercultural and future-orientated environment.
